EXPERIENCE

Prosek Partners

Senior UX Strategist - Freelance

New York, NY

Jan 2025 - Present

- Owned the end-to-end design process: scoping projects, defining workflows, designing detailed interactions and visuals, and ensuring quality implementation for Neuberger Berman, Stellex Capital & AIP.
- Facilitated work sessions with executive leadership, product and engineering to contribute to strategy and roadmap.

Blackstone, Inc.

Senior User Experience Designer - Contract

New York, NY

Mar 2023 - Jan 2025

- Established a scalable design system ensuring visual and interaction consistency across BX.com and Private Wealth Solutions.
- Coached 3 junior designers on UX strategy and design principles helping reduce design debt and iteration time by 30%.
- Partnered with multiple product managers, engineering & marketing to implement design solutions that align with business goals and deliver cohesive, high-impact experiences.

Netflix

Product Development Specialist - Contract

Remote (LA)

Dec 2021 - Mar 2023

- Oversaw the Production & PD process from development to order placement through delivery for Netflix Power titles (Stranger Things, The Witcher, and Squid Game).
- Managed vendor relationships with global manufacturers to create merchandise that aligned with the Netflix Power titles IP.

EquityZen, Inc.

Product Designer

Remote (NY)

Nov 2021 - Jan 2023

- Designed data-rich dashboards and AI-informed interfaces for equity transactions, improving task efficiency by 40%. Ultimately, driving 250k in new subscribers and \$40M in revenue.
- Built and maintained a design system in Storybook, improving consistency and handoff for engineering.
- Conducted usability testing and synthesized research insights to inform feature prioritization in agile sprints.

Publicis Groupe (SSW)

User Experience Designer

New York, NY

Jul 2020 - Oct 2021

- Delivered wireframes and sitemaps for 5 AbbVie brands, improving patient engagement metrics by 58%.
- Collaborated with PMs and developers to prototype, test, and refine web flows aligned with accessibility and compliance guidelines.

EDUCATION

New Jersey Institute of Technology (NJIT)

Bachelor of Science in Computer Science & Marketing

Newark, NJ
